Hallawell Seed Company

256 - 258 MARKET STREET, SAN FRANCISCO, CALIFORNIA

Telephone Douglas 3147

Spanish Iris

SPANISH IRIS

(Postpaid per doz. and 100)

One of the most satisfactory varieties of Iris to grow, being perfectly hardy. The flowers are of great beauty, having many different blendings of color, and if cut when in the bud state will last a long time in water. For best effect they should be planted in clumps or masses of 25 to 100 or more bulbs set 6 inches apart and 2 to 3 inches deep. They grow 18 to 24 inches high and bloom from end of April on through June.

Order early as the stock is limited. These bulbs should be set out soon after they have been received; otherwise they are apt to become soft and will not give good results.

Belle Chinoise: deep golden yellow, 75c per doz.; \$5.00 per 100.

British Queen: large pure white, 75c per doz.; \$5.00 per 100.

Formosa: deep violet blue, 75c per doz.; \$5.00 per 100.

Reconnaissance: bronze and orange, 75c per doz.; \$5.00 per 100.

Mixture of the Above Sorts: 75c per doz.; \$5.00 per 100.

JAPANESE IRIS

(November delivery)

(If by parcel post add postage at zone rates; weight per doz., 6 lbs.)

This variety of Iris produces the largest and finest flowers in a great variety of colors. They are hardy and do best in partial shade and require plenty of water. They bloom for six weeks during June and July. The flowers measure 8 to 10 inches in diameter and are borne on tall stems.

Mixed Colors: strong clumps, 50c each; \$4.50 per doz.

WHEN AND HOW TO ORDER BULBS

The best time to order your Bulbs is just as soon as this catalogue reaches you. The Bulbs may not have arrived by then, but your order will be given immediate attention, and be filled just as soon as the stock arrives. At the first of the season there are no sorts sold out, and besides the Bulbs flower better when planted early.

Please be sure to write plainly your full name and address, when sending us your order and remittance. Send also the name of the nearest express office, if bulbs are to come that way, when it differs from the postoffice. We send bulbs by express, unless postage for the different sorts, as shown in the catalogue accompanies the order.

If you wish the bulbs to be sent by PARCEL POST, please add sufficient postage to cover the cost of mailing, excepting where marked postpaid. Under each heading we have marked the approximate weights of the various sorts so that you can figure out the postage due according to the zone. If too much postage is allowed we will adjust by sending extra bulbs.

NON-WARRANTY

Most of the failures with seeds, plants and bulbs are due to causes entirely beyond our control, such as unfavorable weather, too deep or too shallow planting, slugs, etc.; therefore Hallawell Seed Co. give no warranty, express or implied as to description, purity, productiveness, or any other matter of any seeds, plants, bulbs, etc., they send out, and will be in no way responsible for the crop; if the purchaser does not accept the goods on these terms they are to be returned at once.

Hallawell's Darwin Tulips

Darwins are the most satisfactory of all Tulips. They are stately in appearance, attaining a height of 24 to 30 inches, and producing beautiful globular flowers of heavy texture in a large range of colors. They bloom in April and May and are unsurpassed for bedding and cutting.

Tulips can be planted from October till late in December. They require a moderately rich soil, which should be well drained. If the soil is in poor condition, use a little bone meal or well-rotted manure. Plant the bulbs 6 or more inches apart and set the tops 3 inches below the surface. If the soil is heavy, place a small quantity of sand at the base of each bulb. They will remain in bloom for a longer period if planted in a light, shaded location.

Darwin Tulips

(If by parcel post, add postage at zone rates; weight per doz., 10 ozs.; per 100, 4¼ lbs.)

Hallawell's Special Mixture of named Darwin Tulipsper 1000, \$47.50	.75	5.00

BREEDER TULIPS

These are very similar to the Darwins in their tall, strong growth, with even larger flowers, but have an entirely different range of colors, comprising brown, bronze, purple, mauve, dull gold and other shades all so exquisitely blended as to produce perfect harmony and effective contrasts when planted with the more brilliant Darwin and Cottage varieties.

(If by parcel post, add postage at zone rates; weight per doz., 10 oz., per 100, 4¼ lbs.)

	Per doz.	Per 100
Apricot: bronze shaded apricot, with olive base	\$.85	\$ 6.00

Keizerkroon: single red with broad yellow border; also useful for bedding, as stems are fairly long65	4.50	Murillo: double pink60	4.00
			Prosperity: single rose pink65	4.50

Hyacinths

Hyacinths are very fragrant and come in a great variety of colors. They make a magnificent display when grown outside in a bed. They are also very satisfactory when grown in pots or in glasses of water. We are listing the single type only, as they are far superior to the double, and more certain to bloom. For outdoor culture set the bulbs so that the tops will be 3 or 4 inches below the surface and 6 to 10 inches apart. For pot culture use a 4-inch pot for a bulb or a large pot for 2 or 3 bulbs, and leave the tops of the bulbs just above the surface. After potting give a good watering and set away in a cool place and cover with coal ashes or sand until thoroughly rooted, which takes from 8 to 10 weeks. During this time do not allow them to become dry. They may then be set in a cool light place until the flower spikes have developed, when they may be placed wherever they are wanted.

Type of Single Hyacinth

NAMED VARIETIES OF HYACINTHS

(If by parcel post, add postage at zone rates; weight per doz., 3 lbs.; per 100, 22 lbs.)

Poeticus (Pheasant's Eye): pure white flowers with orange cup, edged with crimson; fine for cutting	\$0.60	\$4.00
Poeticus Ornatus : larger than the Poeticus and earlier; beautiful pure white flowers with saffron cup, tinged with scarlet45	3.00
Poeticus Glory of Lisse : the improved Poeticus Ornatus; very large and early.....	.90	6.50

POETAZ NARCISSUS

An entirely new strain of Narcissus obtained from a cross between the Poeticus and Polyanthus types. The flowers, which are like the Poeticus in size, come three to four on long stiff stems and are fine for cutting, inheriting some of the fragrance of the Poeticus and none of the odor of the Polyanthus types.

(If wanted by mail, add 6c per doz. for postage.)

Per doz. Per 100

Aspasia : pure white with yellow eye; free flowering, producing a number of stems to a bulb, each bearing 4 to 5 flowers....	\$1.00	\$7.00
---	--------	--------

POLYANTHUS NARCISSUS

A very fragrant and sweet-scented type of the easiest culture. They grow well out of doors and bloom extremely early, having from 10 to 20 blossoms on a stem. They can also be grown in pots or in a dish of water with coarse gravel at the bottom.

(If wanted by mail, add 12c per doz. for postage.)

Per doz. Per 100

Paper White Grandiflora : beautiful pure white star-shaped blossoms in clusters, borne on tall spikes; if planted early will flower by Christmas; very fragrant		
Large size	\$0.65	\$4.50

Chinese Sacred Lily (single): fragrant white star-shaped blossoms with yellow cups, borne on tall stems; they are fine for cutting and flower very early and freely.		
.....	15c each,	\$1.50 \$10.00

(If by parcel post add postage at zone rates; weight 5 oz. each; per doz., 5 lbs.)

Poeticus Ornatus Narcissus

SCILLA CAMPANULATA or WOOD HYACINTH

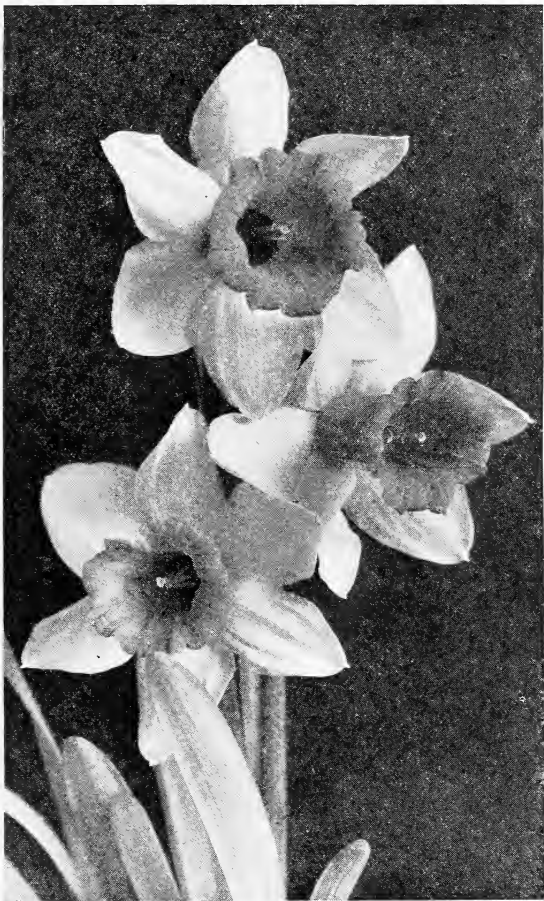

Charming bell shaped flowers, suitable for planting in the perennial border and particularly adapted for growing under trees or in other shady situations; bloom very early. Plant bulbs three inches deep and six inches apart.

Mixture of Rose, White and Blue shades. 50c per doz.; \$3.50 per 100.

Daffodils

The following list contains the best varieties. Daffodils bloom in March and April. The blossoms are borne on tall strong stems and are fine for cutting. They bloom freely and are very effective when planted in a border or a bed.

For pot culture, plant 3 or 4 bulbs in a 5-inch pot and leave the tops of the bulbs just above the surface. After potting give a good watering and set away in a cool cellar until thoroughly rooted, when they can be brought into the house. For outdoor culture set the tops of the bulbs 4 inches below the surface and 8 to 12 inches apart.

Emperor Daffodils

Special mixture of choice named sorts, our selection only: \$2.50 per doz., \$17.50 per 100.		
Good mixture: \$1.50 per doz., \$10.00 per 100.		

MOURNING IRIS (Susiana)

(Postpaid)

This is a very beautiful and quite distinct variety growing one foot tall and blooming in May. The large flowers are silvery gray veined with dark chocolate and covered with a network of fine lines. Set the bulbs 3 inches deep and 12 inches apart.

After the foliage has turned yellow in the summer the bulbs should be dug up and stored away in dry soil until the fall.

50c each; \$5.00 per doz.

IRIS FOETIDISSIMA

(Gladwyn Iris)

	Each	Per doz.
The flowers are inconspicuous but the seed pods when ripe break open, show rows of bright red berries which remain in good condition for a long time.....	\$0.25	\$2.50

IRIS OCHROLEUCA GIGANTEA

A fine species growing 4 feet tall with evergreen foliage, producing large creamy-white flowers with an orange-yellow blotch on each petal; blooms in May.

Each 25c; per doz., \$2.50

(For Spanish Iris and Japanese Iris see inside of front cover.)

GLADIOLUS

The culture of the Gladiolus is one of the easiest. Set the bulbs about 3 inches deep and 7 or 8 inches apart each way. Any good garden soil will make strong plants and good bloom, but for the finest results use manure and plenty of water. After the flowers are past, dig the bulbs up and dry them under cover in the open air for a month and then store in dry soil till next Winter, when they may be reset. From December to April are the months in which to plant Gladioli.

(If wanted by mail, add postage at zone rates, 1 dozen weigh 1½ lbs, 100 weigh 9 lbs. Single bulbs postpaid.)

SELECT NAMED SORTS

America—Conceded to be one of the finest varieties for cutting or bedding ever sent out; color a beautiful soft lavender-pink; orchid-like in its coloring and texture; growth and habit perfect. 7c each; 75c per doz.; \$5.00 per 100.

Baltimore—Beautiful light salmon, deeper in throat. 15c each; \$1.50 per doz.; \$10.00 per 100.

Blue King (Baron Hulot)—Rich velvet blue. 10c each; \$1.00 per doz.; \$7.50 per 100.

Empress of India—Deep velvety maroon. 10c each; \$1.00 per doz.; \$7.50 per 100.

Mrs. Frank Pendleton—A beautiful salmon-pink with a conspicuous blood-red blotch in the throat on the lower petals. Flowers are of the largest size and are borne on strong spikes. 10c each; \$1.00 per doz.; \$7.00 per 100.

Mrs. Watt—A rich deep cherry red, very beautiful and quite distinct. 12c each; \$1.25 per doz.; \$9.00 per 100.

Myrtle—Delicate pink, margined soft rose pink. One of the most beautiful pinks yet produced in Gladiolus. 20c each; \$2.00 per doz.

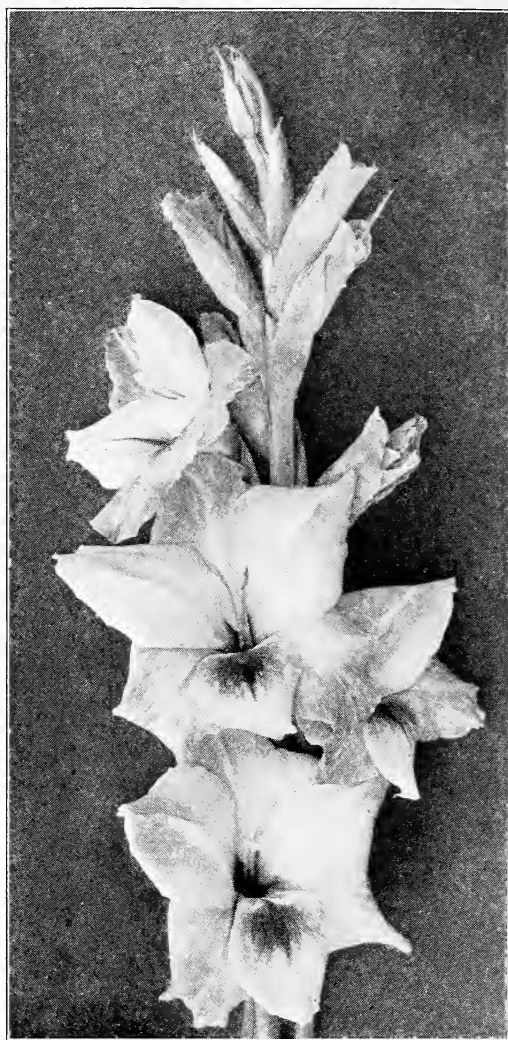

Niagara—Large flowers, measuring 4½ inches across, of a delicate cream yellow lightly splashed with carmine. 10c each; \$1.00 per doz.; \$7.50 per 100.

Panama—This grand variety resembles America, but is a much deeper pink. Highly recommended. 10c each; \$1.00 per doz.; \$7.00 per 100.

Peace—The largest white sort, interior of petals feathered pale lilac. 10c each; \$1.00 per doz.; \$7.00 per 100.

Pink Perfection—A beautiful shade of apple blossom pink; large flowers of fine form on long spikes. 15c each; \$1.50 per doz.; \$10.00 per 100.

Princes—Immense wide open flowers, color rich crimson with broad white blotches across the lower petals. 10c each; \$1.00 per doz.; \$7.00 per 100.

Gladiolus

Prince of Wales—Flowers are large and well placed, and the color is lovely coral-pink; one of the best novelties of recent introduction. 18c each; \$1.75 per doz.

Schwaben—Best clear canary-yellow, the stalks produce about 20 very large flowers, 6 to 8 usually open at one time. 10c each; \$1.00 per doz.; \$7.50 per 100.

War—Deen blood red, shaded crimson-black; very tall and conspicuous. 15c each; \$1.50 per doz.; \$10.00 per 100.

Collection of one of each of the above 25 varieties for \$3.00.

Primulinus Major Hybrids—This strain produces beautiful, slightly hooded flowers of good size on tall graceful stems, mostly in tones running from light yellow to orange-apricot and crimson. 7c each; 75c per doz.; \$5.00 per 100.

Rainbow Mixture—A splendid strain of large flowering gladiolus in a good variety of colors. 75c per doz.; \$5.00 per 100.

Extra Select Mixture—Made up from best named sorts. \$1.00 per doz.; \$7.50 per 100.

LILIES

Lilies succeed best in partial shade and require protection from the wind. Set the tops of the bulbs five inches below the surface and 12 inches apart. They require a loose soil with good drainage. Water only lightly until they are well rooted, but liberally when about to bloom. Keep free from plant lice by spraying with nicotine.

(If wanted by parcel post, add postage at zone rates. Weight of 1 doz., 3 lbs.)

November and December delivery.

Auratum (Golden Banded Lily): the grandest of all hardy lilies, with large graceful flowers of an ivory white color, thickly studded with chocolate crimson spots and a bright gold band through the center of each petal. 25c each; \$2.50 per doz.; \$17.50 per 100; 45c each; \$4.50 per doz. \$32.50 per 100 according to size.

Auratum Platyphyllum: similar to Auratum, but larger and finer in all respects. Especially noted for its broad lustrous leaves, which give double attraction. The petals are studded with crimson chocolate spots. 35c each; \$3.50 per doz.; \$25.00 per 100.

Henryii (the Yellow Speciosum): the flowers are a rich apricot yellow with a few brown spots; grows 3 to 5 feet high; very hardy and free flowering. 25c each; \$2.50 per doz.; \$17.50 per 100.

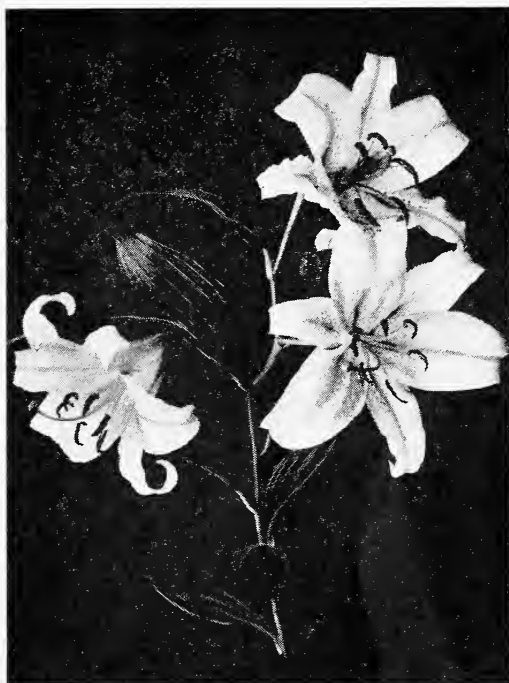

Leopard Lily: the native Tiger Lily found growing in the mountains in all parts of California. The flowers are borne on tall stems and are scarlet and yellow spotted with brown. 15c each; \$1.50 per doz.; \$10.00 per 100.

Speciosum Rubrum (Pink Tiger Lily): a strong, vigorous grower, having stems 3 to 4 feet tall with bright blossoms which are white, shaded rose and spotted deep red. 25c each; \$2.50 per doz.; \$17.50 per 100.

Speciosum Rubrum Magnificum: this variety is similar to the Rubrum but is a deeper crimson. 25c each; \$2.50 per doz.; \$17.50 per 100.

Speciosum Album: a beautiful lily; the flowers are white and the petals recurved; the stems are 3 to 4 feet tall. 30c each; \$3.00 per doz.; \$21.00 per 100.

Tigrinum Giganteum (Improved Tiger Lily): a very hardy and free flowering sort; the blossoms are a bright orange color, spotted black. 25c each; \$2.50 per doz.; \$17.50 per 100.

Lilium Auratum

Yellow Calla Lily (Elliottiana): the true yellow flowered Calla; the flowers are bright yellow and the foliage dark green, spotted white. Plant bulbs one inch deep in well drained soil after cold weather is over. Large bulbs 35c each; \$3.50 per doz.

Black Calla Lily (Arum Pictum): a hardy odorless variety suitable for pot culture or outdoors; plant in rich soil and in a partially shaded place. 40c each; \$4.00 per doz.

White Calla Lily: strong bulbs. \$1.25 and \$1.50 per doz.

Miscellaneous Bulbs

Spring Flowering Bulbs can be planted from September to December. They require a moderately rich soil which should be well drained. If the soil is in poor condition use a little bone meal or well-rotted manure. Fresh manure is injurious to bulbs. When the soil is heavy or stiff, place a small quantity of sand or coal ashes at the base of each bulb. A good rule to go by except where stated is to cover the bulbs with soil one and a half times their own depth.

ALSTROMERIA AURANTIACA

(Postpaid)

A variety of Chilean Lily with spikes of lily-like flowers which are orange-yellow spotted red. Fine as a cut flower owing to its lasting qualities. They grow 2 feet tall and bloom in July. Set the tubers not less than 6 inches deep.

Each, 25c; per doz., \$2.50.

AMARYLLIS

Belladonna Major: large beautiful rose-pink trumpet-shaped flowers borne on tall leafless stalks, the leaves appearing after the plant is through flowering. They bloom in August and September. Set the bulbs so that they are barely covered, as deep planting often prevents them from blooming for a long time. 15c each; \$1.50 per doz., and 20c each, \$2.00 per doz., according to size.

(Weight of 1 doz., 8 lbs.)

Single Anemones

ANEMONES (Spring Flowering)

(Postpaid)

The blossoms of the single variety resemble poppies. The flowers are very beautiful and come in a great variety of dazzling colors. They flower early in spring and make a pretty display when planted in a bed or a border.

Set the tops of the bulbs 1 inch below the surface and 6 inches apart. Soak in water overnight before planting.

Caen or Giant Single Mixed. Large bulbs, \$1.00 per doz.; \$7.00 per 100.

BEGONIA (Tuberous-Rooted)

(January delivery, prices postpaid)

Splendid pot plants; also useful for bedding outside in partial shade, flowering very profusely.

We offer Begonias in the following separate colors: Red, Salmon, White, Yellow and Pink.

	Each	Per doz.
Single: all colors, separate or mixed.....	\$0.25	\$2.50
Double: all colors, separate or mixed.....	.35	3.50

CROCUS

One of the earliest spring flowering bulbs. They are effective when planted in a lawn or in a border 3 or 4 rows deep.

Set the tops of the bulbs 2 inches below the surface and 2 to 4 inches apart. For pot culture plant 6 or 8 bulbs in a pot, 1 inch deep.

(Dozen, postpaid)

(If by parcel post add postage at zone rates; weight of 100, 2 lbs.)

HYACINTHUS CANDICANS

(January delivery)

(If by parcel post add postage at zone rates; weight of 1 bulb 5 oz.; of 1 doz., 3¼ lbs.)

Free growing, summer-flowering plants with flower stems 2 to 4 feet high, each bearing from 20 to 30 large white bell-shaped flowers; splendid for groups. 25c each; \$2.50 per doz.

ISMENE (Peruvian Daffodil)

(If by parcel post add postage at zone rates; weight of 1 doz., 5 lbs.)

A grand summer-flowering bulb, producing with great freedom, large, Amaryllis-like, fragrant flowers. Bulbs can be used for a pot plant or for growing outdoors. For outdoor culture, do not plant bulbs until late spring. Plant shallow.

Calathina: pure white, 25c each; \$2.50 per doz.
Yellow: a rare variety; intensely fragrant. 25c each; \$2.50 per doz.

LILY OF THE VALLEY

(December delivery; postpaid)

Suitable for pot culture or outdoors. For outdoor culture they require a loose, rich soil and a moist, shady position; set so that the tips are slightly above ground and at a distance of three or more inches apart. 75c per doz.; \$5.50 per 100.

MONTBRETIA

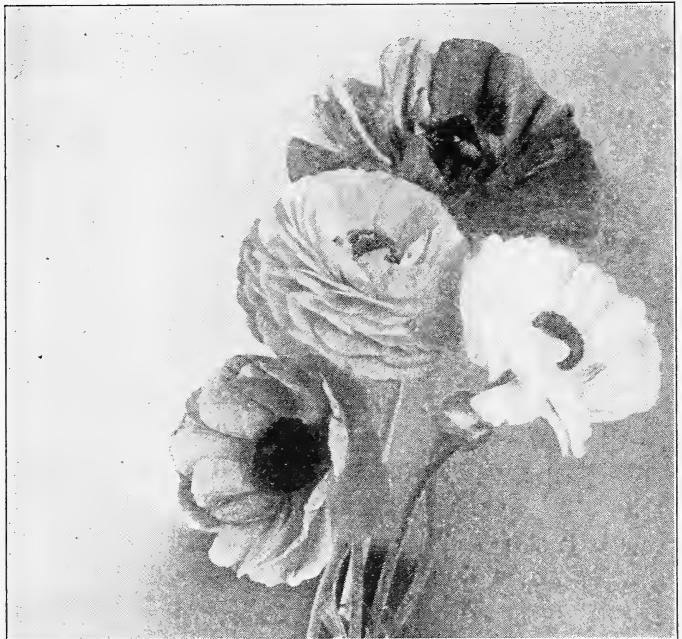

(Postpaid) (December Delivery)

A summer flowering bulb, somewhat resembling a gladiolus. The flowers come in shades of orange and yellow and are borne on long graceful spikes, and bloom from July to September.

Plant several bulbs in a clump about 2 inches deep.

(Giant Flowering Sorts)

California: beautiful deep golden yellow, free flowering; extra fine.....	Per doz.	Per 100
	\$0.40	\$2.50
Pink King: splendid large flowers of a glowing scarlet red.....	.40	2.50

Ranunculus

ORNITHOGALUM

(Weight of 1 doz., 1¼ lbs.; of 100, 12 lbs.)

Arabicum: A beautiful variety, throwing up a tall spike bearing numerous large, milk-white, star-shaped flowers, with a black center, and having a distinct aromatic perfume. They are of the easiest culture. \$1.00 per doz.; \$7.00 per 100.

OXALIS

Pretty little half trailing or bushy plants. Adapted for borders and hanging baskets.

Grand Duchess: type in White, Pink, Lavender, Yellow or Mixed. 30c doz.; \$2.00 per 100. (Postpaid)

RANUNCULUS

These spring-flowering bulbs are unrivaled for lovely form and bright colors. The double flowers are borne on stems about 9 inches high. The bulbs have curious finger-like projections, which should be planted pointing down. Plant 1 inch deep and 6 inches apart, in a partly shaded location. Soak the bulbs in water for one or two hours before planting.

Superb Mixture: 60c per doz.; \$4.00 per 100.

(Postpaid)

SPRING SNOWFLAKES

(Leucojum Vernum)

These are similar to Snowdrops but of stronger growth. The flowers are white, tipped with green.

40c per doz.; \$3.00 per 100; \$27.50 per 1000.

TRITONIA CROCATA

Attractive orange-red flowers about 2 inches across, with a transparent blotch at the base of each petal. One foot tall; bloom in May. (Postpaid) 50c per doz.; \$3.50 per 100.

WATSONIA

(If by parcel post add postage at zone rates; weight of 1 doz. 2 lbs)

Watsonias are similar to the Gladiolus and bloom from June until August. The spikes grow 3 to 4 feet tall and bear about 1 dozen flowers which are 2½ to 3 inches long and about 2 inches across. They bloom freely and thrive best in a sunny situation. Set the bulbs 3 inches deep and 8 inches apart.

	Per doz.	Per 100
Andernei: large spikes of pure white flowers.....	\$0.50	\$3.00
Pink and Salmon shades.....	.75	5.00

Sweet Peas

Sow Sweet Pea seed in November and December for early spring flowers. They can also be sown any time during winter or spring for later flowering. The soil for Sweet Peas should be rich and deep. Prepare the ground by giving a liberal dressing of well-rotted manure and bone meal. Sow the seed thinly 1 inch deep. When they are above the ground thin from 6 to 12 inches apart, as the flowers will not be large if the vines are overcrowded. When the plants are well above the trench they should be supported on stout stakes at least 6 feet high on which wire netting has been fastened. During dry weather they should be watered frequently and given an application of liquid manure once a week.

SPENCER OR ORCHID FLOWERED SWEET PEAS

The finest type of Sweet Pea. The blossoms are large and very wavy, with long stems, generally having four blossoms to the stem.

King White Spencer Sweet Pea

	Per pkt.	Per oz.

Spencer Sweet Peas—*continued*

HALLAWELL'S SPENCER MIXTURE

This mixture is a beautiful blend of the best varieties of Spencers in the proper proportion, and includes all the very latest novelties. Pkt., 10c; oz., 30c; $\frac{1}{4}$ lb., 90c; pound, \$3.00.

Large Flowering Mixed: a very fine assortment of all the best Grandiflora varieties. Pkt. 10c; 1-oz. 20c; $\frac{1}{4}$ -lb. 50c.
Cupid Mixed: very dwarf and bushy, growing 1 foot high

and spreading to about 2 feet in diameter; very effective when planted in a border; mixture of all varieties. Pkt. 10-oz., 20c.

SPECIALTIES IN SWEET PEAS

Hawlmarm Pink: A most beautiful shade of rich rose pink, deeply flushed and shaded with salmon. a vigorous grower and exceptionally free flowering. Pkt., 15c; oz., 60c.

Mrs. Tom Jones: The most perfect blue Sweet Pea to date, the color being a bright delphinium blue; the flowers are very large and beautifully waved and come four on a stem. Pkt., 15c; oz., 60c.

Royal Scot: A true brilliant scarlet. In size and form it surpasses any other of this shade, and does not fade or burn in the hottest sunshine. Pkt., 15c; oz., 60c.

EARLY LONG SEASON WINTER FLOWERING SPENCER SWEET PEAS

These varieties have the large ruffled blossoms of the Spencer type and the early flowering habit of the Winter Sweet Peas. They will commence flowering from four to six weeks earlier than the regular Spencer type and remain in bloom for a long season. Especially adapted for the Hawaiian Islands and other tropical countries.

FLOWER SEEDS FOR FALL PLANTING

For more complete cultural directions and descriptions see our General Catalogue.

CULTURAL DIRECTIONS—It is better in most instances except hardy annuals to start the seed in shallow boxes about 4 inches deep, using very sandy soil with leaf mould so that it will not bake, and provide for drainage by boring some holes in the bottom of the box. Set the boxes in a warm sheltered place, but protect from direct sunlight, as the seed is liable to be scorched up. When the plants have made the fourth leaf they should be pricked out, reset in another box, or preferably in paper pots, and when well started they should be transplanted into the garden. If the seed is to be sown directly in the garden, it should be done after the soil is well worked and fertilized. A slight depression should be made with a stick, the seed sown, and then covered with sharp sand about twice the depth of the diameter of the seed. The sand will prevent the crusting over of the soil after watering. When the plants are up they should be thinned out. The following varieties of seed should be sown in the open: Alyssum, Bartonia, Calendula, Candytuft, Clarkia, Collinsia, Gilia, Eschscholtzia, Gypsophila, Lupin, Mignonette, Nemophila, Annual Poppies.

Collection of one of each of the above 11 sorts, \$1.35

LAWN GRASSES

Kentucky Blue Grass: Fancy; extra clean; the most popular grass for lawns. It is dark green and of dense growing habit, making a beautiful turf in a heavy or black soil. Per lb., 75c; per 10 lbs., \$7.00.

Hallawell's Evergreen Lawn Mixture: A mixture of several deep green grasses which makes a thick sturdy lawn, remaining green both summer and winter. It is especially adapted for heavy or black soils. Per lb., 70c; per 10 lbs., \$6.50.

Pacific Rye Grass: This grass is similar to the Australian Rye Grass, but has a finer leaf and is longer lived. Per lb., 30c; per 10 lbs., \$2.50.

White Clover: Of dwarf habit with creeping stems, rooting at the joints, on which account it makes an excellent turf that stands constant tramping. Planted for a lawn either alone or in mixture with grass seed. Price per lb., \$1.00; per 10 lbs., \$9.00.

Australian Rye Grass: A very vigorous, quick-growing lawn grass, but a little coarse. Very satisfactory for lawns in San Francisco. Per lb., 25c; per 10 lbs., \$2.25.

Golden Gate Lawn Mixture: This mixture of hardy grasses contains a little white clover and forms a thick strong turf that will stand hard usage. Per lb., 40c; per 10 lbs., \$3.75.

Herbaceous and Perennial Plants FOR FALL PLANTING

We recommend shipping Perennials by express. However, if small lots are required by parcel post within the third zone, add 20 per cent to cover postage and cost of packing on orders for only one plant, but on orders for more than one plant 10 per cent will be sufficient. If beyond the third zone, you will be advised of any additional charges.

Achillea (Yarrow)

Roseum—Finely cut deep green foliage, flowers pink in dense heads; 18 inches high, in bloom all summer; 15c each, \$1.50 per dozen.

Ptarmica Fl. Pl. "The Pearl"—Double pure white flowers borne in the greatest profusion the entire summer, on strong erect stems, 2 feet high. Fine for cutting. Strong plants, 25c each, \$2.50 per dozen.

Alyssum Saxatile (Golden Tuft)

An excellent low growing drought-resisting plant for rockwork or the border. Its masses of broad flat heads of bright yellow flowers are produced in May. Its leaves are evergreen and a good ground cover. Strong clumps, 15c each, \$1.50 per dozen.

Arabis Alpina (Rock Cress)

Similar to the Alyssum or Golden Tuft; but with pure white flowers from early Spring until Summer. 3-inch pots, 15c each, \$1.50 per dozen.

Anchusa—Dropmore Variety

One of the best hardy perennials, growing about 5 feet high. The stems are covered all Summer with numerous wide star flowers of intense blue. Should be in every hardy border. Strong plants, 25c each, \$2.50 per dozen.

Aquilegia (Columbine)

Columbines are among the most beautiful hardy perennials, producing graceful spurred flowers on stems 2 to 3 feet tall throughout May and June. Extra fine Hybrids, 25c each, \$2.50 per dozen.

Hardy Asters (Michaelmas Daisies)

Climax—One of the best, flowers 2 inches across, exquisite shade of pale mauve, golden yellow center, flowers arranged on large pyramidal spikes; 5 feet tall, 20c each, \$2.00 per dozen.

White Climax—White form of the preceding, 20c each, \$2.00 per dozen.

Lil Fardell—Large bright rosy-mauve, 4 feet tall, 20c each, \$2.00 per dozen.

Snowflake—Very free, pure white, 3 feet tall, 20c each, \$2.00 per dozen.

Dwarf Alpine Asters

Alpine White—It makes compact little bushes covered with little starry white flowers, 12 to 15 inches tall. Indispensable for rockeries and border clumps, 25c each, \$2.50 per dozen.

Sub-Coeruleus—Forms a dense tuft of leaves, from which issue many leafless stems, 12 inches high, bearing large mauve colored flowers, during June and July, 20c each, \$2.00 per dozen.

Bocconia Cordata (Plume Poppy)

A tall growing plant admirably adapted for planting in the shrubbery borders, center of beds or in bold groups. The very stout stems bear many large, heart-shaped, deeply lobed leaves. It will grow in any good soil, attaining from 6 to 8 feet in height; flowers in terminal panicles of a creamy white color during July and August. 4-inch pots, 25c each, \$2.50 per dozen.

Campanula

Canterbury Bells—Hardy biennials bearing a profusion of bell-shaped flowers. Single Pink, White and Blue. Extra large clumps, 15c each, \$1.25 per dozen.

Carpatica (Carpathian Harebell)—A pretty species suitable for rockwork, forming compact tufts not over 8 inches high, flowers clear blue; come well above the foliage on slender wiry stems. Blooms from July until October. 3-inch pots, 15c each, \$1.50 per dozen.

Persicifolia (Peach Bells)—Perennial; 4 feet tall. Blue and white; flowers during June and July. Extra large clumps, 15c each, \$1.50 per dozen.

Portenschlagiana—A low growing perennial sort with slender graceful foliage and small blue-purple bell-shaped flowers which are produced very freely for a long period. Suitable for rockwork and borders. 3-inch pots, 15c each, \$1.50 per dozen.

Chelone Barbatus Torreyi

A hardy perennial with long coral-red spikes like a Pentstemon. Blooms during July and August. Strong clumps, 20c each, \$2.00 per dozen.

Coreopsis

A perennial with light, graceful foliage and beautiful golden flowers; blossoms in mid-Summer and is one of the best yellow cut flowers. Extra large clumps, 15c each, \$1.25 per dozen.

Delphinium—Larkspur

A remarkably showy class of tall growing plants, producing magnificent spikes of blue flowers in Summer; will grow well in partial shade; fine for planting in mixed borders. Large clumps, 25c each, \$2.50 per dozen.

Belladonna—Light turquoise blue. Large clumps, 35c each, \$3.50 per dozen.

Dianthus (Hardy Pink)

A perennial flowered sort, having fringed blossoms in various colors. The foliage makes a pretty border, while the flowers are fragrant like cloves. 50c per dozen, \$3.50 per 100.

Digitalis—Foxglove

Hardy perennials, producing long spikes of finely colored flowers; fine for shrubberies and half shady places. Rose, White and Purple. Extra large plants, 15c each, \$1.25 per dozen.

Erigeron Speciosum

A Summer flowering border plant with mauve colored single daisy-like flowers, springing from a tuft of leaves, 2 feet tall. Pot grown, 25c each, \$2.50 per dozen.

Herbaceous and Perennial Plants—continued

Eupatorium Fraseri

A useful border plant of strong free growth, 3 feet high, with very large corymbs of pure white flowers in September and October. Strong plants, 20c each, \$2.00 per dozen.

Gaillardia Grandiflora

A very showy perennial, growing 1½ to 2 feet high and blooming all Summer; flowers bronze scarlet, bordered with golden yellow, 3 inches in diameter, produced on long stems. Extra large clumps, 15c each, \$1.25 per dozen.

Geum—Mrs. Bradshaw

A showy hardy perennial with large brilliant scarlet flowers borne on long stems. Extra large clumps, 15c each, \$1.25 per dozen.

Heuchera Sanguinea (Coral Bells)

A low growing plant with heart-shaped leaves which form a low clump 6 to 8 inches high and bearing during July and August; loose graceful sprays of coral-red flowers in great profusion; suitable for the border or rockery and thriving in the shade or in cool places in the sun. Strong plants, 25c each, \$2.50 per dozen.

Hollyhock

A hardy perennial of upright growth, 5 to 8 feet high. Double Rose, Yellow, Maroon, White, Red, Newport-Pink, clear pink; strong field-grown plants. 15c each, \$1.50 per dozen.

Lathyrus (Everlasting Pea)

The flowers of this perennial climber resemble Sweet Peas but are borne on strong stems with 8 to 10 blossoms on a stem, not fragrant.

Pink or Crimson; 3-inch pots, 15c each, \$1.50 per dozen.

Lythrum Roseum Superbum

A strong growing plant, 3 to 4 feet high, thriving in almost any position, producing large spikes of deep rose colored flowers from July to September. Strong clumps, 25c each, \$2.50 per dozen.

Platycodon (Bellflower)

Grandiflora—A very handsome border plant of the Campanula family, the flowers in bud having the appearance of inflated balloons, they flower from June to September; color is deep blue. 4-inch pots, 25c each, \$2.50 per dozen.

Pyrethrum Hybridum

Grandiflorum, Single Mixed—A hardy perennial with giant single daisy-like flowers appearing in June and continuing throughout the Summer. The foliage is low and fern-like and the flowers are on long slender stems. Field-grown clumps, 25c each, \$2.50 per dozen.

Physostegia (False Dragon Head)

Virginica—Dense bushes about 2 feet high with spikes of delicate lilac pink tubular flowers. Strong clumps, 25c each, \$2.50 per dozen.

Salvia Azurea

A hardy perennial variety growing 3 to 4 feet high and producing during late Summer, panicles of pretty sky-blue flowers in great profusion. It requires a sunny situation and will stand considerable drought. 4-inch pots, 25c each, \$2.50 per dozen.

Scabiosa Caucasica (Blue Bonnet)

One of the handsomest of hardy perennials, 3 feet. Large pale blue flowers on long stems; fine for cutting. 2-year old, 25c each; \$2.50 per dozen.

Japonica—Lavender-blue flowers in bloom from June until September, 2 feet tall. Strong clumps, 25c each, \$2.50 per dozen.

Shasta Daisy (Alaska)

A most satisfactory perennial, blooming very profusely for a long period. The flowers are single white, yellow center, and borne on long, stiff stems. Extra large clumps, 15c each, \$1.25 per dozen.

Stokesia (Cornflower Aster)

Cyanea—Deep lavender-blue flowers, 4 inches in diameter. Very free bloomer of the easiest culture. Strong clumps, 25c each, \$2.50 per dozen.

Sweet William

An old favorite, hardy perennial plant. Salmon pink or all colors mixed. Extra large clumps, 15c each, \$1.25 per dozen.

Thalictrum (Meadow Rue)

Dipterocarpum—The finest of all. This hardy perennial is of vigorous growth, 4 to 5 feet high. The dainty rosy purple flowers are brightened by a bunch of conspicuous yellow stamens and produced in graceful sprays from July to September. 35c each, \$3.50 per dozen.

Trachelium Coeruleum

A free flowering perennial producing large cloud-like heads of pale mauve flowers, resembling the Gypsophila; 1½ feet high. 4-inch pots, 25c each, \$2.50 per dozen.

Herbaceous Veronicas (Speedwell)

Longifolia—Forms a bushy plant, 2 to 3 feet high, with long dense spikes of deep blue flowers from July until early September. Pot grown, 25c each, \$2.50 per dozen.

Spicata—Another attractive variety for the border with bright blue flowers, borne in long compact spikes, during July and August, 1½ feet high. Pot grown, 25c each, \$2.50 per dozen.
